

TAHA BCHIR

IT STUDENT

 (+216) 50 936 050  bchirtaha@sfax.r-iset.tn  <https://github.com/Taha-bchir>

SUMMARY

I'm a second-year IT student with a good foundation in coding and tech basics. I'm a fast learner, enjoy solving problems, and work well in a team. I'm looking for opportunities to grow my skills and be part of real-world IT projects.

EDUCATION

BACHELOR DEGREE (ECONOMICS AND MANAGEMENT)

Dar Al Amen High School
2023

INTERNSHIP EXPERIENCE

• INTERN

Etnafes travel | 01/2023 - 02/2023

- Learned the fundamentals of Search Engine Optimization (SEO), including keyword research, on-page optimization, and understanding search engine algorithms
- Assisted in creating content optimized for both user experience and search visibility
- Worked collaboratively with the team to support digital marketing and design projects

PROJECTS

• AUCTION WEBSITE

I developed a real-time online auction platform for bidding on various products

- Integrated real-time bidding functionality using Laravel WebSockets and Pusher
- Developed user dashboard with live notifications, bid history, and credit management

• E-COMMERCE WEBSITE

A basic website for selling products

- Programmed with ReactJS
- Utilizes CRUD operations for product management, with JSON data storage and handling
- Integrated additional libraries, such as Redux and Axios

• BLOG

Designed and developed a responsive blog website for sharing articles and tutorials

- Created a user-friendly interface with smooth navigation and modern UI/UX principles
- Implemented features like post categorization, search functionality, and comment sections
- Focused on clean code structure and scalable architecture

CERTIFICATION AND AWARDS

- Completing JS courses organized by 2S Training and Consulting
- Completing the Selenium IDE workshop organized by MTC ISET Sfax
- Winner of GREENLAB v3.0 (Hackathon Organized by MTC ISET Sfax)
