IT Student (3rd Year — Information Systems Development)

Summary

Third-year Information Systems Development student specializing in full-stack development. Proven ability to build and optimize high-performance web applications using modern stacks such as Vue.js, Nuxt.js, Laravel, and Next.js within Agile environments.

Core Skills & Technologies

Frontend:
HTML/CSS • JavaScript • Vue 3 • Nuxt.js • Next.js • React • Tailwind CSS • Shadcn/UI • Blazor

Backend:
Node.js • Laravel • PHP • Java • ASP.NET Core • .NET • C/C++ • Python

Databases:
MySQL • MongoDB • PL/SQL

Mobile:
Dart • Kotlin

Tools & Other:
Figma • Adobe Illustrator / Photoshop • SEO • Power BI • Unit Testing • Git • Agile

Internships

Intern — Etnafes Travel (Full-Stack Development)   Jan 2025

- Engineered a real-time auction platform with Vue.js, Nuxt, and Laravel (5 main modules).
- Improved load time by 40% through SPA routing and component tuning.
- Implemented authentication and REST APIs, cutting backend errors by 30%.
- Collaborated in a 4-person team using Agile sprints and Git for version control.

Intern — Etnafes Travel (Full-Stack Development)   Jan 2024

- Built Bid-Bazaar real-time auction app supporting 100+ users with live bidding, authentication, and notifications.
- Developed full-stack features using Vue 3, Nuxt, Laravel, and MySQL database.
- Implemented real-time functionality and responsive user interface components.

Projects

Bid-Bazaar   *(Vue 3, Nuxt, Laravel, MySQL)*

- Engineered a real-time auction app supporting 100+ users with live bidding, authentication, and notifications.

VoteChaine   *(Next.js, Tailwind CSS, shadcn/ui, MongoDB)*

- Developed a decentralized voting platform on the Solana blockchain for secure, transparent polling.

MyBlog   *(Next.js, PHP)*

- Created a blog application featuring category filters and full CRUD functionality for 50+ posts.

Education

ISET Sfax — Information Systems Development   2023 – Present
Dar Al Amen High School — Baccalaureate in Economics and Management   2023

Honors & Activities

- 1st Place — GREENLAB v3.0 Hackathon (20+ teams, MTC ISET Sfax)
- Graphic Designer — Microsoft Tech Club ISET Sfax: designed 15+ visuals viewed by 200+ students 2023 – Present
- Mentor — Supported 3 junior members in event design and promotion with Adobe and Figma.
